

MASTERTENT®

Mastertent Professional Canopy Tents

Hospitality Event Tent Solutions

M

Professional Level Quality Industry-Leading Canopy Tents

UPF 50+ Fabrics

UPF 50+ outdoor fabrics for lasting sun and wind protection.

Fire-Rated

Certified fire-rated fabrics for on-site safety.

Manufacturer Direct

In-house design and construction for patented quality.

Mobile Design

Folding setup and smooth setup finishes.

High-Quality Colors & Print

Add logos and printing for on-site signage, branded groundbreaking events, and more.

100% Waterproof Fabrics

Certified waterproof outdoor fabrics with advanced roof tensioning for water runoff.

All-Aluminum Build

Extruded T-606 aluminum framework, including connectors commonly made from plastic.

Robust Frame Design

Heavy-duty leg and truss profiles offer durability to rival semi-permanent structures while keeping the mobility of a pop-up tent.

Average Recreational Pop-Up Tent

Mix-and-Match Sidewalls

Wrap your tent in your selection of walls: closed, doors, windows, and more with full-enclosure wall wrapping and custom fabrication options.

HOTEL & RESORT TENTS

OUTDOOR DINING TENTS

EVENT HOSPITALITY TENTS

★★★★★

“Professionals use the best tools available. These are the best pop up tents on the market. Easily customized to present your business in a way to build confidence with your customers.”

★★★★★

“Tent is better than we expected. Aluminum extrusion is very strong. A very robust and easily deployable tent. We’ve used this about 100 times and had no quality issues at all.”

★★★★★

The first thing we do upon arriving onsite on day one is determine what tents will fit, where they will go and the setup that makes sense. A jobsite without a Master-tent is never an option!”

THE ELEGANT TENT PACKAGE

- A LED Lighting Systems**
Streamlined lighting solutions that mount directly to the tent framework.
- B 100% Waterproof Fabrics**
Tested and certified waterproof fabrics with over 2x the industry standard of performance. Advanced roof tensioning and sealed seams.
- C Elegant Corner Curtains**
Fixed position curtains mount to the tent roof and around the frame for a sophisticated touch.
- D Tent Ceiling**
Sheer fabric paneling drapes to disguise the tent's inner framework. Pair with LED Lighting System for a diffused glow.
- E Scalloped Valance**
Add scallops to your tent roofline for added, elegant flair.
- F Heavy-Duty PVC Transport Bag**
Each Mastertent packs away in its PVC transport bag, equipped with a clear PVC preview window. Quickly indicate between tents or watch for unwanted moisture during storage.
